

MESSAGE FROM MENTOR DIRECTOR

Indian Institute of Information Technology, Kalyani (IIIT, Kalyani), an autonomous institute was set up on a not for profit public private partnership (N-PPP) basis in the year 2014 by Ministry of Human Resources Development (MHRD), Govt. of India, Government of west Bengal and Industry partners. Since then IIIT, Kalyani is marching ahead to become an institution that serves quality education and produces quality human resources for the country. IIIT, Kalyani is one of the youngest and dynamic Technological Institutes in Eastern India.

Located in the peaceful, planned city Kalyani, in the district of Nadia in west Bengal, the Institute is striving to emerge as a world class academic institution with the highest quality of education to produce knowledge leaders to fulfil the needs of the industry.

With the objective of producing best-in-class human resources in the area of Information Technology and creating niche through vibrant interdisciplinary research, the institute is offering undergraduate programme in Computer science and Engineering and opportunities for Ph.D degree through research in the area of Information Technology.

The institute provides ample opportunities to the students to be innovative and to demonstrate their skills through a number of programmes both curricular and extra-curricular. The institute is currently being mentored by IIT Kharagpur, the first and the largest one amongst all technological campuses. The association of IIIT, Kalyani with IIT Kharagpur gives the institute an opportunity to understand the best practices that are in vogue at IIT and adopt them suitably to run the programmes efficiently. The institute gets the benefit of the expertise that is available with mentor institute for the development of the institute activities.

The institute is creating its physical infrastructure in a 50 acre sprawling campus at Kalyani for the benefit of the students, scholars, faculty and the staff members for academic activities, residences and student activities.

The institute is committed to create an academic ambience that will nurture the creative, young minds in befitting manner and gives ample opportunities to express their cultural values and sportsman spirit through an environment, for the students to develop an all-round capabilities.
