About the Institute

Set up in the year 2014, IIIT Kalyani is one of the 20 IIITs established by the Ministry of Education, Government of India, under the Not for profit Public Private Partnership (N-PPP) model. A Memorandum of Understanding (MoU) was signed between the Government of India, Government of West Bengal, and three Industry Partners, namely, Coal India Limited, Rolta Foundation, and WBEIDC Ltd. (WEBEL) for setting up the institute at Kalyani, with the stakes of the partners at a ratio of 50:35:15 respectively. The institute has been declared as an Institute of National Importance (INI) as per The Indian Institutes of Information Technology (Public-Private Partnership) Act, 2017. The institute currently operates from the WEBEL IT Park building at Kalyani. The permanent campus of the institute is coming up at Kalyani, right on the Kalyani expressway. More than 90% of construction of the permanent campus is over. Some photographs of the upcoming permanent campus are given next.

Director's Report

IIIT Kalyani was set up in the year 2014 (21st May 2014) by the Ministry of Education (MoE), erstwhile MHRD, (Government of India), Government of West Bengal, and Industry Partners on a Public-Private-Partnership (PPP) basis. It has been declared as an Institute of National Importance as per “The Indian Institutes of Information Technology (Public-Private Partnership) Act, 2017 No. 23 of 2017”. IIIT Kalyani aims to excel in education and research in Information Technology and allied disciplines and is committed to providing state-of-the-art technical education in Computer Science and Engineering, and Electronics and Communication Engineering, as well as catalyzing the transmission of knowledge through the latest advancements in pedagogy. IIIT Kalyani was established by the Government of India to synchronize the growing demand for Information Technology. Presently, IIIT Kalyani is offering B.Tech. (CSE) program with 118 seats, B.Tech. (ECE) program with 60 seats, Ph.D. (full-time and part-time), an Executive M.Tech. program (online) on Artificial Intelligence and Data Science.

The Institute's placement record continues to be impressive. In 2021, 84% of students found placements, while in 2022, a 100% record was reached. For the batch of 2023, almost 90% of the graduates have been placed. Regarding placement metrics, such as the highest domestic salary offered, the percentage of students placed, and mean and median offers, our institution consistently ranks among the top in the country.

The faculty members and the students at IIIT Kalyani have been actively contributing to cutting-edge research, which is often multidisciplinary in nature. In the last academic year, our faculty members and students published seventy-three research articles, including forty-one journal papers, twenty-eight conference papers, four book chapters and four books. Three Indian patents have been granted in the academic year 2023 – 2024. They have also successfully organized two faculty development programs, sponsored by IIIT Kalyani, and AICTE. Sponsored projects are critical for augmenting the research culture of the Institute. The Institute has fifteen ongoing projects funded by reputed agencies, such as DRDO, SERB, ITEA, MeitY (C2S), MoES, ISI Kolkata, and so on, with a total outlay of Rs. 5.24 Crore. Some more projects are in the final stages of approval.

Our students have won several medals/prizes in many external events, including a hackathon by Hero Motocorp 2022, Google Summer of Code 2022, and Smart India Hackathon 2022.

The Institute has signed MoUs with reputed national and international institutes and software companies – Institute of Space Science, National Central University, Jhongli, Taiwan, Bose Institute, Kolkata, Krisko Software Private Limited Bangalore, All India Institute of Medical Sciences (AIIMS), Kalyani, West Bengal National University of Judicial Sciences, West Bengal Electronics Industry Development Corporation Limited (WEBEL), and RISE (IISER Kolkata). The Institute is also emphasizing research linked to sustainable development goals and creating a culture of innovation on campus leading to both intrapreneurship and entrepreneurship. In order to foster the spirit of innovation, the Institute Innovation Council (IIC) has been set up. Among other activities, the Institute Innovation Council has been organizing talk series by leading experts in various domains. Under the PPP model, the permanent campus of the Institute is coming up on land with about 34.68 acres earmarked at Kalyani. The boundary wall has been constructed, and the Phase-I buildings are almost 80% completed. The Phase-I construction has provisions for the G+4 Academic Block, G+6 Boys' Hostel, G+3 Girls' Hostel, Guest House, and Amenity Block. The construction work is in full swing with a fund contribution of 50% from the Government of

India, 35% from the Government of West Bengal, and 5% contributions from each of the three private partners, namely WEBEL, Rolta Foundation and Coal India Ltd. The Institute acknowledges the contributions of each of the stakeholders in this respect and expects continuous support in the coming days.

Academic Units

IIIT Kalyani currently has five basic academic units that form the academic departments, namely Computer Science and Engineering (CSE), Electronics and Communication Engineering (ECE), Mathematics (MA), Physics (PH), and Humanities (HU).

Academic Programs

The academic structure of IIIT Kalyani exhibits the diversity, comprehensiveness and depth befitting an institution of its age and stature. The programs/courses offered at the Institute have the flexibility to evolve and change in response to new requirements and serve the dual purpose of building a solid foundation of knowledge while enhancing confidence, creativity and innovation among the students. A unique attribute of IIIT Kalyani's academic structure is the autonomy enjoyed by the faculty in designing and structuring their curriculum and courses. While there are no individual departments, the basic academic units deliver the respective courses. Some courses are offered jointly by multiple academic units and are classified as interdisciplinary courses. The academic environment ensures productive, personal contact between the student and the teacher. The credit-based academic programs of the Institute offer flexibility to students to progress at their own pace.

Undergraduate Program (B. Tech.)

The undergraduate program aims to mold young talents into engineers who can recognize and solve problems in different technical and social domains. The main emphasis of the program is to instill inquisitive thinking and curiosity with a sense of service to the nation and society at large. IIIT Kalyani has been offering B. Tech. in Computer Science and Engineering since 2017, and Electronics and Communication Engineering from 2021. The Institute has designed its course structure based on the curriculum of IIT Kharagpur, IIT Kanpur, NIT Durgapur, IIIT Allahabad, IIIT Delhi, IIIT Hyderabad, and other reputed institutes of national importance, and aligning the curriculum as per projected industry need. This has been the rationale for incorporating career-oriented subjects like Cryptography, Information Security, Image Processing, Artificial Intelligence, Machine Learning, Deep Learning, Data Analytics, Blockchain, IoT, etc., into the curriculum (some as compulsory subjects while others as electives). Compulsory project work is included in the curriculum for third-year and fourth-year students. Students are envisaged to learn the practical application of Artificial Intelligence, Machine Learning, Deep Learning, Data Analytics, Computer Vision, etc. while doing their project work.

Postgraduate Program (Online Executive M. Tech.)

IIIT Kalyani has introduced an online Executive M. Tech. program on Artificial Intelligence and Data Science from July 2021. The aim of the Executive M. Tech. program is to cater the requirements of manpower trained in the emerging area of Artificial Intelligence and Data Science (AIDS) technologies.

The program has been designed to prepare the candidates to take challenges in the areas of Artificial Intelligence, Deep Learning, Security, Visual Information Processing, Internet-of-Things, and Blockchain in the IT industry. This course is designed to allow professionals to pursue M. Tech. in a part-time mode as off-campus students. The classes are conducted by the faculty members of IIIT Kalyani as well as industry experts and managed by the Continuing Education Program (CEP) Cell, IIIT Kalyani.

Ph.D. Program

To foster research activities and develop a progressive research environment, IIIT Kalyani also initiated the Doctor of Philosophy (Ph.D.) Program in the year 2018. Now, the institute is offering both full-time and part-time Ph.D. Programs and a student is selected based on admission test/interview. The students are also enrolled under sponsored projects. Currently, we have 19 full-time and 54 part-time Ph.D. students enrolled and doing research toward their doctoral degrees. Eight students have been awarded a Ph.D. degree in the academic year 2023-2024. Four students have been awarded a Ph.D. degree in the academic year 2024-2025. In addition to that, 58 students have completed their Ph.D. registration seminar. IIIT Kalyani awards a Ph.D. degree in Engineering/Science to a candidate after successfully completing the stipulated research program. The Senate formulates the program with the governing rules and regulations under the recommendation of the Departmental Research Committee (DRC) of the Institute. Every scholar admitted to the Ph.D. program, undertakes research under the guidance of a faculty member of the academic unit in which he/she is admitted. A candidate becomes eligible for the award of a Ph.D. degree after fulfilling all the academic requirements prescribed by the Senate with the recommendation of the DRC of the Institute.

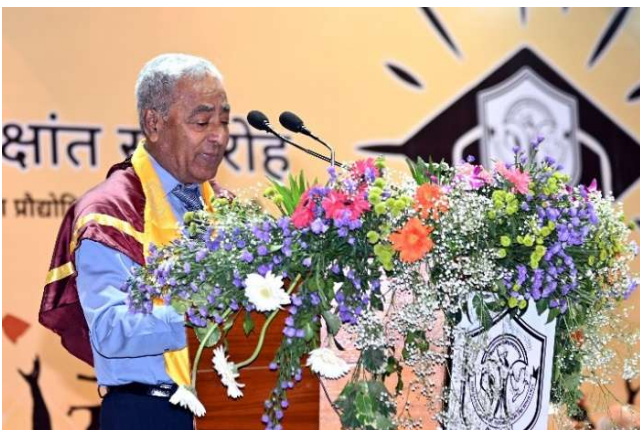

4th Convocation

The 4th Annual Convocation of the Institute was held on March 28, 2025, at the A. P. J. Abdul Kalam Auditorium. The event was graced by Dr. Satya Gupta, President of the VLSI Society of India, as the Chief Guest. During the ceremony, a total of 88 students were conferred degrees under the B. Tech programme, while 6 students graduated from the M. Tech programme. Additionally, 9 scholars were awarded their Doctoral Degrees.

Admissions

The Institute currently admits undergraduate, postgraduate, and Ph.D. students.

Undergraduate (B.Tech.)

The institute admits students in B. Tech. (Computer Science and Engineering) and B.Tech. (Electronics and Communication Engineering) through the JEE (Main) examination administered by the National Testing Agency (NTA). The admission details for the year 2024 – 2025 are given below.

Sl. No.	Batch	Approved No. of Seats	Admitted Strength	Boys	Girls

Fifth Induction Program

Indian Institute of Information Technology Kalyani organized a one-day induction Program for the fresh entrants to the incoming B.Tech. Batches of CSE and ECE departments (2024-2028). This program was conducted on 1st September 2024. A total of 152 students participated in this program. The objective of this program was to uplift the level of the entrants to an elevated stage, promote all-round development, and expose learners' stigmas to minimize and maximize their learning. Students are admitted with diverse thoughts, backgrounds, and perceptions. Hence, it becomes important to help them adjust to the new environment and inculcate the ethos of the institution with a sense of larger purpose. This program helped to provide a platform for the transition of students from school to hard-core engineering. The inaugural speech was delivered by Prof. Santanu Chattopadhyay, Director, IIIT Kalyani. The induction program comprised several exciting activities, such as introducing administration and faculty members along with their areas of expertise, campus orientation sessions, etc. Moreover, Faculty-in-Charge of Academics provides an overall view of the academic process, examination system, T&P cell and other student activities. The student representatives of Gymkhana and other clubs also discuss their activities and encourage newcomers to participate in different activities. There was a special session where the fresher's could ask questions and interact with the faculty members. All the personnel involved in the program worked extensively to ensure that the induction program is well organized.

Academic Calendar

The academic session begins in the second week of July every year and ends in the second week of May. It has two semesters: (i) Autumn semester: from the second week of July to the last week of November, and (ii) Spring semester: from the first week of January to the last week of May. The exact dates of all the important events, such as orientation, registration, commencement of classes, submission of documents, examinations, submission of grades, vacation, mid-semester recess, etc., during the Academic Session are specified in the Academic Calendar of the Institute. The academic calendar is published on the Institute website (www.iiitkalyani.ac.in) at the beginning of every academic session.

Career Development

The Training and Placement (T&P) Cell at IIIT Kalyani plays a central role in enabling career opportunities for students by facilitating summer internships for 3rd-year B.Tech. students and securing final placements for 4th-year B.Tech. students. The Cell operates under the guidance of the Faculty-in-Charge, T&P Cell, and the Assistant Registrar (Examination and Training & Placement), with active support from student placement coordinators representing both final-year and pre-final-year batches. Serving as a vital bridge between the Institute and the industry, the T&P Cell works to cultivate and sustain

strong relationships with leading organizations. To foster a corporate mindset and align students with evolving industry requirements, the Cell regularly invites eminent companies and industry professionals to campus, delivering guidance in tune with current trends and best practices. Through its structured processes and proactive outreach, the T&P Cell is committed to providing a robust platform for recruiters to connect with IIIT Kalyani's talented pool of students, fostering partnerships that are mutually rewarding for both the institute and the hiring organizations.

Placement Records

For the 2017–2021, 2018–2022, 2019–2023, 2020–2024 B.Tech. (CSE), and 2021–2025 B.Tech. (CSE and ECE) batches, the placement scenario at IIIT Kalyani has demonstrated a consistent upward trajectory, with notable growth in both the average salary offered and the number of students placed each year. The volume of offers has steadily increased, with a significant number of students securing multiple offers. Students have been placed through both on-campus and off-campus selection processes, and our recruiter base now includes an impressive portfolio of leading organizations such as Amazon, CDOT, Goldman Sachs, Google, Texas Instruments, TCS, Cognizant, Infosys, Juspay, Samsung SDS, Capgemini, Ericsson, Jio Platforms, IBM, PwC, MAQ Software, Deloitte, Motive, Zscaler and several other reputed firms. These recruiters span diverse sectors including software development, electronics, AI/ML, cybersecurity, consulting, and research-driven domains, reflecting the versatility and industry readiness of our graduates. In the latest 2024–2025 placement cycle for the 2021–2025 batch, the highest CTC reached ₹44 LPA, with an average CTC of ₹9.27 LPA, a median CTC of ₹9 LPA, and 91.66% of students placed.

III. Awards and Honors

Faculty Name	Awards/Honors
Dr. Rinky Sha	I. Recognized as a peer reviewer by the ACS Publications in 2024-2025 II. Early Career Editorial Board Member, "Sensors and Actuators Reports", Elsevier, Impact Factor: 7.6, SCImago Q1 Journal, from March, 2024 to March, 2027 III. Invited as a selection committee member for "The Honey Bee Network Creativity & Inclusive Innovation (HBNCRIIA) Awards India-2024" at IIM Ahmedabad in August, 2024 IV. Invited as an external examiner in a comprehensive examination for a PhD student at SRM University, Andhra Pradesh, in January 2025
Dr. Pratik Chakraborty	I. Invited as an external examiner in the final M.Tech final presentation cum viva voce examination in the Department of Electronics and Telecommunication Engg, IIST Shibpur, in June 2024

Dr. Anirban Lakshman	I. Invited as an external examiner in the PhD pre-submission presentation at The Neotia University on January 13, 2025.
Dr. SK Hafizul Islam	I. Program Chair, 3rd International Conference on Network Security and Blockchain Technology (ICNSBT 2024), June 06-08, 2024, Jalpaiguri Government Engineering College, Jalpaiguri, West Bengal, India. II. Program Chair, 6th International conference on Computational Intelligence and Networks (CINE 2024), December 19-21, 2024, KIIT University, Odisha, India. III. Track Chair, Track-4: Cryptography and Blockchain, “6th International Conference on Computational Intelligence and Networks (CINE 2024), December 19-21, 2024, organized by the School of Computer Engineering, KIIT Deemed to be University, Bhubaneswar, India. IV. External Examiner for Project evaluation for M.Tech. students, Autumn 2024 - 2025, Maulana Abul Kalam Azad University of Technology, West Bengal. V. External Examiner for Project Evaluation for B.Tech. students, Autumn 2024 - 2025, Maulana Abul Kalam Azad University of Technology, West Bengal. VI. External Examiner for Project Evaluation for MCA students, Autumn 2024 - 2025, Maulana Abul Kalam Azad University of Technology, West Bengal.
Dr. Imon Mukherjee	I. National advisory committee member. In ICONFEST 2025. JIS College of Engineering, Kalyani, West Bengal, India. II. Organizing Committee Member of “2025 IEEE India Geoscience and Remote Sensing Symposium” (InGARSS 2025), 10-13 December, 2025, IIIT Bhubaneswar, Odisha, India. III. International Advisory and Program Committee Member of “International Conference on Smart Systems and Wireless Communication” (SSWC2024) November 29-30, 2024, at JIS College of Engineering, Kalyani, West Bengal, India. IV. Extended Programme Committee Member for 8th 3SCity-E2C Workshop at IEEE Globecom 2024, 8-12 December, 2024, Capetown, South Africa.

Students' Achievements

IIIT Kalyani believes in close faculty-student interaction to foster intellectual growth among students. Faculty members of IIIT Kalyani always encourage their students to excel in their ideas through project and research work. IIIT Kalyani feels proud to see the students' accomplishments.

1. B. Tech students' achievements:

- **Flipkart Grid 6.0**
 - Abhik Maji (2025 batch) was a finalist in Flipkart Grid 6.0 and secured a Pre-Placement Offer (PPO) for his outstanding performance.
- **GATE**
 - Ayushman Bhatt secured AIR 64 in GATE 2024
 - Arindo Mondal secured AIR 665 in the GATE 2025.
 - Rahul Dewangan secured AIR 1023 in the GATE 2025.
- **ICSP 2024 & Research Intern**
 - Pritwish Dey's paper on quantum public key cryptography was accepted at ICSP 2024 and published as a Springer book chapter. He also interned at IISc Bangalore (CPDM), working on mixed reality with Unity and HoloLens 2, focusing on eye-gaze, voice interaction, and computer vision.
 - Nikhil Laxminarayan completed a Summer Research Internship at IIT Delhi in hybrid mode, gaining valuable research experience in one of India's premier institutions.
- **TechBiz 2024 - IDEAPOOL Finalist**
 - Team Mecha Wafers, consisting of Subradeep Mondol, Satadru Haldar, Soumyadeep Kundu and Soumyajit Pradhan, was selected among the top ideas at IDEAPOOL during TechBiz 2024, organized by RISE Foundation IISER in collaboration with IKP PRIME and IISER Kolkata.
- **Cyber Hackathon 2025 - Govt. of Bihar**
 - Team Coding Pirates, consisting of Mohit Kumar Shaw, Aditya Arya, Ankit Kumar Soni, Aman Kumar, and Tanishka Jain, secured 4th rank out of 402 teams as finalists in Cyber Hackathon 2025.
- **INTER IIIT SPORTS MEET 2025**

- Pranjali Sirari (2027 batch) secured 2 Gold and 1 Silver medal in Swimming.
- Sahil Kumar (2026 batch) secured 2 Bronze medals in Swimming.

- **Competitive Programming Achievements**

- LeetCode: Guardian (2125), Top 1.4%, 1200+ problems
- Codeforces: Expert (1634), 800+ problems
- CodeChef: 4* (1914), Rank 94/30,000+
- Meta Hacker Cup 2024: Round 2, Global Rank 2896/22,495

10+ students earned LeetCode Knight/Guardian badges and 3*+ on CodeChef.

2. PhD students' achievements and publications:

- **Dr. Madhuchhanda Dasgupta** received Woman Scientist -A Award under DST project mentored by Dr. Oishila Bandyopadhyay.
- **Ms. Sreeparna Ganguly** (Senior Research Fellow under the supervision of Dr. Imon Mukherjee) was awarded a Travel Grant to the Fifth Indian Symposium on Machine Learning (IndoML) 2024, sponsored by the Directorate of Higher Education, Government of Goa.
- **Ms. Sreeparna Ganguly** won Best Presentation Award for “Annihilation of Image Stegogram through Deep Texture Extraction based Sterilization” in IEEE CIS Workshop on Women in Artificial Intelligence 2024, organized by IIT Indore, under the supervision of Dr. Imon Mukherjee.
- **Mr. Sourav Das**, a PhD Scholar in the Dept. of CSE (Supervised by Dr. Sanjay Chatterji and Co-supervised by Dr. Imon Mukherjee), has been successfully selected for a Remote Research Internship Program at the Indian Institute of Science Education and Research Kolkata in May 2024.
- **Mr. Soumen Bajpayee** (Supervised by Dr. Imon Mukherjee) published one chapter in the Springer CCIS book series in ICSP 2024.
- **Mr. Soumen Bajpayee** served as a resource person in an ATAL FDP (2024) organized at Supreme Knowledge Foundation and in a workshop organized by Amity University, Kolkata (2025).
- **Mr. Sayan De** published a journal paper, titled "Fine-tuned encoder models with data augmentation beat ChatGPT in agricultural named entity recognition and relation extraction" in Expert Systems with Applications, SCIE, Impact Factor 7.5, under the supervision of Dr. Imon Mukherjee and Dr. Debarshi Kumar Sanyal, IACS.

- **Mr. Sourav Karmakar** published a journal paper, titled "2D V2C MXene Based Flexible Gas Sensor for Highly Selective and Sensitive Toluene Detection at Room Temperature" in ACS Applied Electronic Materials, under the supervision of Dr. Rinky Sha.
- **Mr. Soumyajit Pal** published a journal paper titled "SSN: A Novel CNN-Based Architecture for Classification of Tropical Cyclone Images From INSAT-3D" in IEEE Transactions on Geoscience and Remote Sensing, with an impact factor 7.5, under the supervision of Dr. Uma Das and Dr. Oishila Bandyopadhyay.
- **Ms. Sharmistha Rakshit** published an article entitled "Analysis of different wave characteristics in a fiber-reinforced thermo-piezoelectric rotating medium influenced by gravity." in the Journal *Waves in Random and Complex Media*, under the supervision of Dr. Anirban Lakshman and Dr. Kshitish Ch. Mistri.
- **Mr. Soumen Santra** published an article entitled "Bluestein–Gulyaev (BG) waves in a piezo-thermoelastic half-space in the context of modified multi-phase-lag theory." in the *Journal of Vibration and Control*, under the supervision of Dr. Anirban Lakshman.
- **Mr. Subhendu Mandal** published an article entitled "Analytical Derivation of the Secular Equation for Surface Waves in an Imperfectly Bonded Complex Structure Employing the GN-III Model." in the Journal *International Journal of Geomechanics*, under the supervision of Dr. Anirban Lakshman.

Activities under IIC

[1]. Inter College Hackathon (Status Code 1)

Title: Status Code 1 – 36-Hour National Hackathon

Type: Hackathon, Innovation Challenge, Student-Led Competition

Date: August 24-25, 2024

Venue: IISER Kolkata lecture hall complex

Event Details:

Status Code 1, the flagship 36-hour hackathon of IIIT Kalyani, was organized in association with IISER Kolkata on August 24-25, 2024. Designed to foster creativity and technological innovation, the event brought together talented minds from leading academic institutions across India. Teams of participants tackled real-world challenges, aiming to develop impactful solutions within a limited timeframe.

Key Topics Covered:

- Software development
- Prototyping and rapid application building
- Tracks: Education, Wildlife Conservation, Blockchain, Cybersecurity, Hardware, Web 3.0, Open Innovation, Medical Technology

Speaker & Mentor Details:

Industry experts, startup founders, and experienced faculty members participated as mentors and judges, guiding teams and evaluating projects for technical soundness and social impact.

Session Highlights:

- Inaugural session with keynote speakers from tech and startup industries
- Multiple focused tracks to encourage solutions addressing diverse problems
- Ongoing mentorship and workshops on project management, pitching, and technical troubleshooting
- Midway check-ins and progress showcases
- Grand finale with live demonstrations of prototypes and solution pitches

Takeaways/Advantages Discussed:

- Team-based intense problem-solving under real-world constraints
- Opportunities for networking with industry and academic leaders
- Exposure to cutting-edge technologies and domains
- Large prize pool offering recognition and financial rewards for top solutions
- Practical experience in collaborative, time-bound innovation

Attendance/Participation:

Status Code 1 attracted 500+ participants forming over 100 teams from across India, representing premier technology institutes and colleges. The event harnessed national-level enthusiasm and skill, establishing itself as a premier hackathon in eastern India.

Photographs: Status Code 1

Workshop Objectives & Impact:

The core objective was to spark enthusiasm for technology-driven problem solving, promote hands-on learning, and prepare students for entrepreneurial and research pursuits. By cultivating a high-energy, collaborative environment, Status Code 1 showcased IIIT Kalyani's commitment to advancing tech talent and innovation culture. The event set a benchmark for future editions, encouraging more engagement, societal problem-solving, and original thinking on a national stage.

[2]. Codacharya (Competitive Programming Competition)

Type: Student Competition, Coding Event

Date: 28th July 2024, Venue: IIIT Kalyani campus

Event details:

IIC IIIT Kalyani organised the ‘Codacharya’ competitive programming competition to encourage logical thinking and programming skills among students. The event witnessed enthusiastic participation from undergraduates across various batches.

Key Topics Covered:

- Algorithmic problem solving
- Code optimization
- Real-time coding under constraints

Session Highlights:

Participants tackled multiple rounds of algorithmic problems within a stipulated time. The event fostered peer learning and quick thinking under pressure.

Takeaways/Advantages Discussed:

- Improved competitive programming skills
- Exposure to trending coding problem patterns
- Motivation for further participation in national-level contests

Attendance/Participation:

Over 60 students participated, showcasing their technical prowess and team spirit.

Workshop Objectives & Impact:

The competition aimed at equipping students with the confidence and skills required for advanced coding contests and placements.

[3]. Expert Talk

Type: Research Discussion, Innovation

Date: 05.02.25

Event Details:

A research discussion and interaction with Shri Sanjay Churiwala, Corporate Vice President, AMD Hyderabad, was arranged on February 5, 2025.

Key Topics Covered:

- Present research and innovation in processor technology
- Research-to-market translation

Session Highlights:

A brief seminar on present industry and research institute status was highlighted.

Takeaways/Advantages Discussed:

- Awareness on recent trends in processor design.
- Encouragement for innovative research

Attendance/Participation:

Open session attended by 40 faculty members and research scholars.

Workshop Objectives & Impact:

The discussion on state of the art processor design technology serves as inspiration and learning for the research community.

[4]. IPR Day Celebration

Type: Research Achievement, IP Documentation

Date: 18.4.25

Event Details:

IIC IIIT Kalyani arranged discussion sessions among faculty members and students on the eve of IPR day (April 26, 2025) to increase the awareness of IPR among the student community.

Key Topics Covered:

- Patentable technology in AI
- Research-to-market translation

Session Highlights:

A brief seminar discussed the patent process and possibilities of patent filing by students, IPR policy and MoE guidelines.

Takeaways/Advantages Discussed:

- Intellectual property awareness among faculty and students
- Encouragement for innovative research

Attendance/Participation:

Open session attended by 25 faculty and research scholars.

Workshop Objectives & Impact:

The encouragement of patent filing and awareness of the KAPILA scheme serve as inspiration and learning for the research community.

[5]. Science Day Quiz

Type: Student Activity, Science Awareness

Date: 03.03.2025

Event Details:

IIC IIIT Kalyani's Science Day Quiz on the eve of National Science Day (28th February) through a fun and interactive quiz event.

Key Topics Covered:

- General science facts
- Major scientific discoveries
- Indian scientific heritage

Session Highlights:

Multiple rounds of quizzing with rapid-fire and buzzer rounds heightened enthusiasm.

SCRABBLE SHOWDOWN

Photographs: Science Day Quiz

Takeaways/Advantages Discussed:

- Promoted scientific curiosity
- Teamwork and competitive spirit

Attendance/Participation:

80+ students in teams of four.

Workshop Objectives & Impact:

To inspire interest in science and recognize scientific milestones.

[6]. Women's Day Celebration

Type: Diversity Event, Awareness Workshop

Date: 07.03.2025

Event Details:

IIC IIIT Kalyani celebrated International Women's Day (8th March) with seminars, story-sharing, and recognition of women in STEM.

Key Topics Covered:

- Gender equality in technology
- Success stories of women scientists
- Overcoming challenges in academia

Session Highlights:

Talks by faculty and student representatives, along with awards for meritorious achievements.

Takeaways/Advantages Discussed:

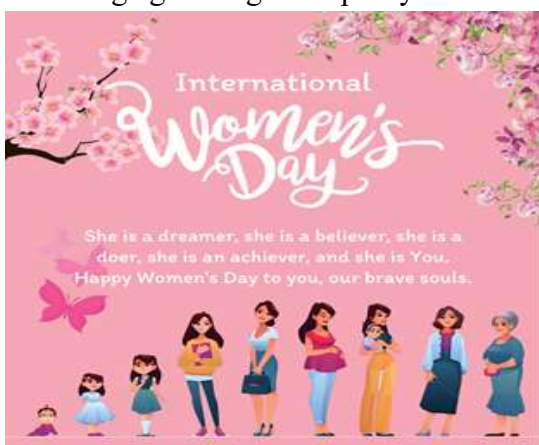

- Motivation for women in STEM
- Awareness of diversity and inclusion issues

Attendance/Participation:

Open event, attended by 100+ students and staff.

Workshop Objectives & Impact:

To encourage greater gender parity and celebrate women's achievements.

Photographs: Women's Day Celebration

Photographs: Women's Day Celebration

[7]. Enigma Robotics Competition

Type: Student Competition, Tech Exhibition

Date: 03.03.2025-04.03.2025

Event Details:

The Enigma Robotics Competition featured self-built robots competing in problem-solving and obstacle courses.

Key Topics Covered:

- Robotics design and mechanics
- Automation techniques
- Team-based engineering

Session Highlights:

Demonstrations and live contests judged for creativity and functionality.

Takeaways/Advantages Discussed:

- Practical exposure to robotics engineering
- Collaboration and innovation

Attendance/Participation:

30+ teams from various institutes.

Workshop Objectives & Impact:

To foster interest and skill in robotics and engineering solutions.

Photographs: Enigma Robotics Competition

[8]. Problem Solving Workshop

Type: Skills Workshop, Mentorship Session

Date: 25.01.2025

Event Details:

IIC IIIT Kalyani's problem solving workshop aimed at enhancing analytical and reasoning skills among participants.

Key Topics Covered:

- Logical reasoning puzzles
- Mathematical problem-solving
- Coding challenges

Session Highlights:

Hands-on practice sessions with faculty mentorship.

Takeaways/Advantages Discussed:

- Sharpened analytical skills
- Peer learning and mentorship

Attendance/Participation: 45 students

Workshop Objectives & Impact:

To prepare students for competitive exams and technical interviews.

Photograph: Problem Solving Workshop

[9]. Industry visit

Type: Industry Visit, Technology Awareness

Date: October 17-18, 2024

Event Details:

A group of IIIT Kalyani students and faculty visited the premier 5G research labs and stalls of reputed communication companies in Delhi during India Mobile Congress 2024.

Key Topics Covered:

- 5G network infrastructure
- Recent advances in communication technology
- Industrial research roles

Session Highlights:

Guided tour, live demonstrations, and Q&A with lab engineers.

Takeaways/Advantages Discussed:

- Exposure to leading-edge telecom research
- Understanding career pathways in telecommunications

Attendance/Participation:

2 students with 1 faculty member.

Workshop Objectives & Impact:

Broadened practical awareness and encouraged interest in wireless technology research.

Photographs: Industry visit

Photographs: Industry visit

[10]. Photofiesta (Capturing Creativity)

Type: Student Activity, Photography Competition

Date: 15.02.2025

Event Details: IIC IIIT Kalyani's 'Photofiesta' encouraged students to showcase creativity through the lens.

Key Topics Covered:

- Basics of photography
- Creative conceptualization
- Composition and visual storytelling

Session Highlights:

Photo exhibition and award ceremony for best entries.

Takeaways/Advantages Discussed:

- Recognition of artistic talent
- Exploration of creative media by tech students

Attendance/Participation:

Entries from 50+ students

Workshop Objectives & Impact:

To foster creativity and extracurricular engagement.

Centralized Services

The institute provides academic facilities such as libraries with sufficient text books, reference books and journals, hardware and software laboratories, network facilities, etc. Along with the academic facilities, it also provides other facilities such as hostels and mess for students, transport for students between hotels and Institute, sports facility, medical facility etc.

Laboratory Infrastructure

IIIT Kalyani promotes hands-on learning approach. The institute is well equipped with three technologically advanced software laboratories: Computer Networks, Operating systems, Data Structures and Algorithms, Computer Architecture and Organizations, Compiler Design, Database Management Systems, AI and Machine Learning. The Institute also has the well-

developed and technologically updated hardware labs: Basic Electronics, Digital Electronics, Analog Electronics Circuits, Semiconductor Devices, Analog and Digital Communication, and Microprocessor and Microcontroller Systems. All the Laboratories are equipped with advanced equipment, components and necessary softwares to perform various experiments and projects. Our laboratories enable students to develop the capabilities to design, simulate, develop and test electronic circuits/systems. All the laboratories are kept open from 9:30 A.M. to 5:30 P.M. as per routine on all working days and even beyond that, if required. The laboratory curriculum of IIIT Kalyani is very much updated, which is comparable to reputed institutes and industry needs.

Library

The IIIT Kalyani Library is a small technical library. It serves as the heart of the Institute, satisfying the informational needs of the students and faculty members towards the completion of their academic and research activities. The library is a fully air-conditioned room and provides a high-speed WiFi connection. It has one big room of 2040 sq. ft. It houses and maintains 4625 books, 535 magazines, 183 undergraduate theses, and 14 Ph.D. theses. Around 10,000 research journals are accessible through ONOS. The main objective of this library is to serve more than 500 students and 50 employees of the institute with printed and digital materials. The library is presently hosted at <http://iiitkalyani.ac.in/html/Library.html> with rich content. As far as e-resources are concerned, there are huge collections of e-resources comprising full-text e-journals, e-books, previous year question papers, etc. As far as facilities are concerned, the library has an air-conditioned reading hall with 30 seating capacity. It is open from 10:00 A.M. to 6:00 P.M. The e-books can be accessed by login to the National Digital Library of India (NDLI). The IIIT Kalyani is one of the partners with the National Program on Technology Enhanced Learning (NPTEL) as a local chapter. The library provides online and offline access to the NPTEL video lectures.

Encl.: As stated

Dy. Director (Inspection)

Opinion of the Comptroller & Auditor General of India on the Accounts of the Indian Institute of Information Technology, Kalyani for the year ended 31 March 2025

Opinion

We have audited the financial statements of the Indian Institute of Information Technology, Kalyani, which comprise the statement of financial position as at 31 March 2025 and the Income & Expenditure Account and Receipts & Payment Account for the year then ended, and notes to the financial statements, including a summary of significant accounting policies under Section 19(2) of the Comptroller & Auditor General's (Duties, Powers & Conditions of Service) Act, 1971 read with Section 28(3) of the Indian Institutes of Information Technology (Public Privat Partnership) Act, 2017.

This Audit Report contains the comments of the Comptroller & Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards, disclosure norms, etc. Audit observations on financial transactions regarding compliance with the Law, Rules and Regulations (Propriety & Regularity) and efficiency cum performance aspects, etc., if any, are reported through inspection reports/ CAG's audit reports separately.

In our opinion, the accompanying financial statements of the Indian Institute of Information Technology, Kalyani read together with the accounting policies and Notes thereon and other matters mentioned in the Separate Audit Report, which follows, **give a true and fair view** of the financial position of the autonomous body as at March 31, 2025, and of its financial performance and its cash flows for the year then ended in accordance with the Revised Format of Accounts Prescribed by Ministry of Education (Erstwhile MHRD), Government of India for Central Education Institutions.

Basis for Opinion

We conducted our audit in accordance with CAG's auditing regulations/standards/manuals/guidelines/guidance-notes/orders/circulars etc.. Our responsibilities are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the autonomous body in accordance with ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe

that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

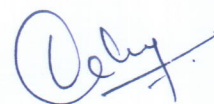

Responsibilities of Management for the financial statements

The Governing Body of the Indian Institute of Information Technology, Kalyani is responsible for the preparation and fair presentation of the financial statements in accordance with the Revised Format of Accounts Prescribed by Ministry of Education (Erstwhile MHRD), Government of India for Central Education Institutions, and for internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion in accordance with CAG's auditing regulations/standards/manuals/guidelines/guidance-notes/orders/circulars etc.

For and on behalf of the CAG of India

Separate Audit Report on the Accounts of the Indian Institute of Information Technology, Kalyani for the year ended 31 March 2025

A. General

- 1.1 The Institute should categorically mention the land in the 'Fixed Assets' (Schedule 4), acquired from the Government of West Bengal on lease, as 'Leasehold Land' and should also disclose the nature of the lease and accounting treatment adopted for such leasehold land.
- 1.2 The Institute should disclose the demand notice raised by Department of Urban Development and Municipal Affairs, Government of West Bengal, amounting to ₹11.99 crore for payment of Mutation Fees in respect of the leasehold land, as 'Contingent Liabilities', into 'Notes to Accounts'.
- 1.3 The Institute had incorrectly removed 'Fixed Assets' valuing ₹4.85 lakh (Computer Peripherals: ₹1.07 lakh and Computer Software: ₹3.78 lakh) from both the Gross Block and accumulated depreciation block, instead of keeping those assets in the books of accounts at a nominal value of ₹1 as per prescribed format of accounts.
- 1.4 The Institute had incorrectly booked an amount of ₹14.58 lakh, towards payment of Leave Encashment Expenses, under 'Other Expenses' (Schedule 21), instead of booking the same under 'Staff Payments & Benefits' (Schedule 15).
- 1.5 The Institute had incorrectly booked an amount of ₹4.31 lakh towards Honorarium (₹2.79 lakh) and Honorarium (Foreign Payment) (₹1.52 lakh) to the recipients who are not employees of the Institute, under 'Staff Payments & Benefits' (Schedule 15), instead of booking the same under 'Academic Expenses' (Schedule 16).
- 1.6 As per the prescribed format of accounts, the credit balance under Schedule 3(a) will appear under the appropriate head on the Liabilities Side (Schedule 3) and the debit balance will appear as receivables under Assets Side (Schedule 8). However, in deviation of the prescribed format, the Institute incorrectly depicted the net balance of Schedule 3 (a) amounting to ₹85.45 lakh under Schedule 3 (Current Liabilities) only.

1.7 The Institute had booked an amount of ₹7.34 lakh as TDS receivable under the 'Loans, Advances and Deposits' (Schedule 8), which was lying idle since 2017-18. The same needs to be reviewed.

B. Management Letter

Deficiencies which have not been included in this Separate Audit Report have been brought to the notice of the management through a Management Letter issued separately for remedial/corrective action.

C. Assessment of Internal Controls

3.1 Adequacy of Internal Control System

The Internal Control System of the Institute is inadequate on account of the following:

- a) There is no chart of accounts used by the Institute for preparation of Annual Accounts.
- b) The heads of accounts are not coded.

3.2 Adequacy of Internal Audit System

The Internal Audit System of the Institute is inadequate on account of the following:

- a) The Institute does not have any Internal Audit wing. A Chartered Accountancy firm was, however, engaged to conduct its Internal Audit.
- b) There was no Internal Audit Manual in use.

3.3 System of Physical Verification of Fixed Assets

The Institute did not conduct the physical verification of the Fixed Assets during the financial year 2024-25.

3.4 Regularity in payment of Statutory Dues

No irregularity in payment of its Statutory Dues was observed during the financial year 2024-25.

3.5 Other matters relating to functioning of the entity

There is no significant matter to report in respect to the functioning of the Institute.

D. Grants in Aid

The Institute received 'Nil' Non-recurring Grants-in-aid, from the Government of India, during the financial year 2024-25. Further, it had an opening balance of grants (Non-recurring), amounting to ₹15.32 crore. The Institute also earned interest on unutilized grants amounting to ₹0.05 crore and accrued interest amounting to ₹0.005 crore. Out of the total amount of grants, amounting to ₹15.37 crore, so available, it utilized a sum of ₹15.17 crore towards capital expenditure, and adjusted accrued interest of the previous year amounting to ₹0.05 crore, leaving an unspent balance of ₹0.15 crore, as at 31 March 2025.

The Institute also received 'Nil' non-recurring grants from West Bengal State Government. It had an opening balance of ₹6.30 crore. Out of the total amount of grants, amounting to ₹6.30 crore, so available, it utilized ₹6.28 crore towards capital expenditure and adjusted an amount of ₹0.001 crore, leaving an unspent balance of ₹0.02 crore, as at 31 March 2025.

Part-I: Introduction

1.1 Overview

IIIT Kalyani aims to excel in education and research in Information Technology and allied disciplines and is committed to provide state-of-the-art technical education in Computer Science, as also to catalyse transmission of Knowledge through the latest advancements in pedagogy. Presently, IIIT Kalyani is offering B. Tech (CSE) program with 128 seats, B. Tech. (ECE) program with 65 seats, Ph.D. (full-time and part-time), an Executive M. Tech. program on Artificial Intelligence and Data Science.

IIIT Kalyani has been set up at Kalyani, West Bengal by Government of India (Ministry of Human Resource Development), Government of West Bengal and industry partners on a Not-for-profit Public Private Partnership (N-PPP) basis. The industry partners of IIIT Kalyani are Coal India Ltd. and Rolta Foundation for the present. IIIT Kalyani has been attributed the status of Institute of National Importance (INI) by the cabinet in March 2017. The institute is run by the Board of Governors of IIIT Kalyani whose members include the representatives of Government of India (MHRD), Government of West Bengal, industry partners and eminent people from academia, industry and civil society.

1.2 Budget and Expenditure

The budget and expenditure for the period covered under audit is given below:

(₹ in lakh)

Year	Grant Received	Expenditure
2024-25	Nil	124.00

2.1 (IIA) Avoidable payment of rent amount of ₹438.44 lakh

A Memorandum of Undertaking (MoU) was signed in January 2019 between the Indian Institute of Information Technology (IIIT) Kalyani and the Central Public Works Department (CPWD), appointing CPWD as the Project Management Consultant (PMC) for the construction of the IIIT Kalyani campus compose of Academic block , boys hostel ,Girls hostel , guest house and other amenity .The project, with a stipulated completion period of 30 months, was to commence upon approval of building plans by local authorities or handover of a clear site by IIIT Kalyani, whichever occurred later. In March 2019, CPWD awarded the construction contract to M/s Kamaladitya Construction Pvt. Ltd., with a completion date of February 2021. A Building and Works Committee (BWC) was constituted by IIIT Kalyani to monitor and review project progress.

Meanwhile, the institute continues to function from its temporary campus at Webel IT Park, Kalyani, operating on a rental basis. Student accommodation is arranged in rented apartments, with separate housing for boys and girls. Between April 2022 and August 2025, IIIT Kalyani paid ₹2,54,64,682 in rent for hostel facilities and ₹1,83,78,923 for the academic block and office space

As per Para 7.6 E and 7.6.5 of Manual for Procurement of Works, the deployment of the PMC does not absolve IIIT Kalyani, as the project executing authority, of its primary responsibility to supervise the quality and timelines of the project. The client organization is accountable for ensuring critical preconditions, conducting regular project management

meetings, independently monitoring progress, and establishing a structured system for timely decision-making to avoid delays.

The audit observed the following lapses in project execution, which have significantly delayed the construction of the IIIT Kalyani campus:

a) Delay in Land Acquisition

Although the Government of West Bengal earmarked land for IIIT Kalyani in August 2015, the deed of lease was executed only in July 2024. Audit noted that there delay of 54 days due to the unavailability of land documents. This violated the procurement policy requirement that all critical preconditions, such as land acquisition, be fulfilled prior to awarding project contracts.

In reply the Institute stated that Though the Govt. of West Bengal earmarked land for establishment of IIIT Kalyani in August 2015, the cabinet decision in formally allotting the land in favour of IIIT Kalyani took place on 28.11.2022 and was communicated to IIIT Kalyani on 06.12.2022. Since then and until 2024, IIIT Kalyani has made series of communications in formally handing over the land by executing the lease deed with the Govt. Of West Bengal. Substantial delay has taken place in the process legal vetting of the lease deed at the level of Govt. of West Bengal which was beyond the control of IIIT Kalyani. As such land acquisition prior to awarding the project contracts was beyond the control of IIIT Kalyani.

Reply is not tenable as the procurement policy requirement that all critical preconditions, such as land acquisition, be fulfilled prior to awarding project contracts.

b) Delay in Approvals and Design Changes

Delays in the approval of furniture drawings for the academic block and guest house, combined with the relocation of the Sewage Treatment Plant (STP) to a new site, caused an additional delay of 313 days. These delays reflect a failure to adhere to the procurement policy's emphasis on timely decision-making to avoid project setbacks.

In reply the Institute stated that IIIT Kalyani through its authorized representative has always tried to negotiate timely procurement of furniture drawings for the academic block, Guest House and relocation of sewage treatment plant to the new site. Despite its best effort CPWD has reasonably failed in submission of the same in a timely manner for which lack of

timely decision making thus leading to project setback, if any, cannot be put on as an onus to IIIT Kalyani.

Reply is not tenable as as IIIT holds the responsibility for providing timely approvals to CPWD.

c) Inaction on Contractor Delays

Despite persistent delays and slow progress by M/s Kamaladitya Construction Pvt. Ltd., neither IIIT Kalyani nor CPWD took timely action to address the contractor's performance. IIIT Kalyani failed to instruct CPWD to initiate termination proceedings, and CPWD delayed revocation of the contract. The contract was eventually terminated at the contractor's risk and cost, as per the CPWD Works Manual, but the delay in this decision adversely impacted project timelines and indicates lapses in proactive contract management.

In reply the Institute stated that as per the MoU executed between IIIT Kalyani and CPWD it was never under the scope of IIIT Kalyani to address the performance of M/s Kamaladitya Construction Pvt. Ltd. the contractor selected by CPWD. Neither it was under the ambit of IIIT Kalyani to initiate the termination proceedings and as such IIIT Kalyani cannot be held responsible for delayed execution on the part of the Contractor.

the reply is not tenable as per Para 7.6 E and 7.6.5 of Manual for Procurement of Works, the deployment of the PMC does not absolve IIIT Kalyani, as the project executing authority, of its primary responsibility to supervise the quality and timelines of the project.

d) Funding Shortages

Since April 2025, IIIT Kalyani failed to provide adequate funds to CPWD, causing construction activities to come to a standstill. This funding shortfall further exacerbated delays and hindered project progress.

In reply the Institute stated that admitting the fact that IIIT Kalyani failed to provide adequate funds to CPWD since April 2025, it cannot hold itself responsible which lead to construction standstill because much earlier than that i.e. since September 2024 IIIT Kalyani has made series of communication requesting release of balance amount of Capex Fund to Govt. of West Bengal as well as ROLTA Foundation from which altogether an amount of Rs. 8.05 Crore.

Reply is not tenable as as IIIT is responsible for demand fund from its partners in terms of MOU and ensuring timely disbursement of funds to CPWD.

Ineffective Oversight by Building and Works Committee (BWC)

The BWC, responsible for monitoring and reviewing project progress, failed to escalate critical issues in a timely manner. Although the committee reviewed progress of works but did not propose decisive corrective actions to escalated the works to avoid further delays. Furthermore, the committee did not prioritize the completion of the hostel building, which was already 99% complete. This oversight resulted in suboptimal resource utilization and continued expenditure on rental payments.

In reply the Institute stated that Contrary to the observation made by the audit the Building and Works Committee of IIIT Kalyani has continuously worked in tandem with the CPWD and jointly inspected the campus on several occasions. In almost all the meetings of BWC the CPWD officials were present as invited members and BWC continuously escalated critical issues in a timely manner to the CPWD and decisively communicated corrective actions supposed to be taken at the level of the CPWD. IIIT Kalyani has always prioritized the completion of the buildings and it is due to such prioritization the hostel buildings were 100% completed before completion of any other building of campus. The matter therefore, cannot be construed as ineffective project management of the construction of the permanent campus.

The Institute's reply is not tenable, as it fails to address the core concerns raised in the audit. Although regular meetings and joint inspections were conducted, the Building and Works Committee (BWC) did not initiate decisive corrective actions to expedite the delayed works. The absence of timely and effective interventions led to prolonged delays, particularly in the completion and operationalization of the hostel building, which was already 99% complete.

Furthermore, the continued expenditure on rental accommodations, despite the near readiness of the hostel, highlights inefficient resource planning and contradicts the Institute's claim of prioritizing building completion. The mere participation of CPWD officials in BWC meetings and general issue escalation does not constitute effective project governance.

Thus, ineffective project management has left the construction of the permanent campus incomplete. This has not only resulted in avoidable rental expenses of ₹4,38,43,605 but has also deprived students of access to essential academic and residential facilities.

2.2 (IIA) Short payment of Minimum wages to Contractual Staff amounting ₹ 135.44 lakh

Section 2b of Minimum Wages Act 1948 defined "Appropriate Government" as "(i) in relation to any **scheduled employment carried on by or under the authority of the [Central Government, or a railway administration]**, or in relation to a mine, oil field or major port, or any corporation established by [a Central Act], the Central Government, and (ii) in relation to any other scheduled employment, the State Government". Further, Section 3 (1) (Fixing of Minimum Rates of Wages) of the said Act stipulates that the **appropriate Government shall, in the manner provided, fix the minimum rates of wages payable to employees employed in an employment** specified in Part I (Non-Agricultural Employment) or Part II (Agricultural Employment) of the Schedule.

Further as per revision order (March 2022) issued by Ministry of Labour & Employment regarding Variable Dearness Allowance (VDA), Kolkata (Urban Agglomeration) has been categorised as "A" Area under Classification of Areas.

Further, Section 2(A) of the said Act also stipulates that in respect of an industrial dispute relating to the rates of wages payable to any of the employees employed in a scheduled employment, any proceeding is pending before a Tribunal or National Tribunal under the Industrial Disputes Act, 1947 (24 of 1947), the minimum rates of wages so fixed or so revised shall not apply to those employees during the period in which the proceeding is pending.

In course of audit of Indian Institute of Information Technology, Kalyani (IIIT, Kalyani), examination of records related to outsourcing of manpower revealed that the Institute entered into an agreement with M/s Star Security & Detective Agency Pvt. Ltd. in October 2019 for providing manpower. The agreement has been extended from time to time and the Agency is providing manpower for security services, sweeping & cleaning services and supervisory & caretaking services at temporary Campus premises, Director's residence and Boys & Girls Hostel, which are situated under Kalyani Municipality. Kalyani Municipality is a constituent unit of Kolkata Urban Agglomeration and is also under Kolkata

Metropolitan Development Authority, hence minimum wages of “A” Area under minimum wages notification formulated by O/o the Chief Labour Commissioner, New Delhi was applicable for outsourced manpower deployed under IIIT Kalyani.

In this regard, Audit noticed that the institute, before October 2019, paid the outsourced manpower as per minimum wages set by the Government of India. However, from October 2019, the Institute started paying minimum wages as formulated by the Labour Department, Government of West Bengal due to the fact that recurring cost was the responsibility of the Institute solely. In this regard, an Industrial Dispute was pointed out by All Bengal Security & Allied Workmen Union (ABSAWU) and Dy. Chief Labour Commissioner, in March 2020 and September 2020, requested the Institute to attend a joint discussion regarding non-payment of minimum wages as per Government of India rate. In response to the notice vide no.8/15/2020-EI dtd. 29.09.20, IIITK attended the joint discussion on 10.11.2020. The Institute also did not comment on the present status of the Industrial Dispute.

Audit also noticed that Board of Governors, in its 3rd Meeting in February 2022, decided to pay the outsourced manpower at Central Government rates w.e.f. January 2022. Audit, further, noticed that the institute had adopted Central Government “C Area” rate instead of “A Area” rate which resulted in short payment of minimum wages made to the outsourced employees. Audit noted that the Institute had made short payment to the tune of **₹31.81** lakh during 2024-25 (**Annexure-I**) due to adoption of Central Government “C Area” minimum wages rate.

However, the fact remains that violating the provisions of Minimum Wages Act; the Institute had made short payment to the tune of **₹135.44** lakh (previously reported 103.63 lakh [IR-114/ IIITK/ 2024-25] plus ₹31.81 lakh for the FY 2024-25) due to adoption of Central Government “C Area” rate.

In reply the Institute stated that the fact remained that violating the provision of Minimum Wages Act, the institute had made short payment of ₹103.63 lakh upto FY – 2023-24 due to adoption of Central Government ‘C area’ rate. The 6th Finance Committee resolved to request the BoG to reconsider paying the outsourced manpower at the Central Government rate, while recommending that the wages be given, adhering to the minimum wages as per the Govt. of West Bengal’s order from time to time, but not reducing their current wages. The 8th BoG while agreeing to the proposal of the Finance Committee resolved to obtain a legal opinion in this regard before initiating any steps. Further, in response to the notice vide no.8/15/2020-EI dtd. 29.09.20, IIITK attended the joint discussion on 10.11.2020 the minutes of which are annexed herewith.

However, due to adoption of Central Government “C Area” rate Institute had made short payment for ₹135.44 lakh upto the period FY-2024-25.

PART-II-(B)

Reference Number: OBS-2059073 and OBS-2061451

2.3 (IIB) Observation on Electricity charges amounting ₹36.47 lakh

2.3.1 Irregular expenditure from capital fund

As per the scheme guidelines for establishing 20 new Indian Institutes of Information Technology (IIITs) under the Public-Private Partnership (PPP) model, the capital cost for each IIIT is fixed at ₹128.00 crore. This cost is to be shared in the ratio of 50:35:15 by the Central Government, the State Government, and industry partners, respectively.

In line with the scheme, a Memorandum of Understanding (MoU) was signed in May 2014 between the President of India (First Party), the Governor of West Bengal (Second Party), and three industry partners—Coal India Ltd., ROLTA Foundation, and JSW Steel Ltd. (later replaced by the West Bengal Industry Development Corporation Limited, WEBEL)—as the Third Party. The MoU formalized the establishment of the Indian Institute of Information Technology, Kalyani (IIIT Kalyani) under the PPP model, with capital contributions strictly earmarked for infrastructure development and capital expenditure.

During the audit, it was observed that in June 2024, based on a request from the Central Public Works Department (CPWD), IIIT Kalyani entered into Power Supply Agreements with the West Bengal State Electricity Distribution Company Limited (WBSEDCL) for high-tension electrical power supply under Time-of-Day (ToD) consumer contracts. A security deposit of ₹75.00 lakh was paid to WBSEDCL.

During the period from July 2024 to June 2025, WBSEDCL raised bill for electricity charges amounting to ₹36.47 lakh (**Annexure-II**) for the under-construction campus. Audit could not ascertain the amount of the electricity charges paid by the Central Public Works Department (CPWD) from deposited work funds, as IIIT Kalyani did not furnish the requisite information despite the payments being made based on its instructions. The audit noted that these payments were made from capital funds received from the Central Government, the State Government, and Industry Partners.

Such expenditure, being operational in nature and not directly related to capital asset creation, does not conform to the terms and conditions stipulated in the MoU. Consequently, this has

resulted in an irregular expenditure from capital funds towards security deposit and payment of electricity charge.

In reply the Institute stated that IIIT Kalyani realized that bringing in high tension electrical power supply to the campus is part of the infrastructure development, and as such, the security deposit of Rs. 75.00 lakh was paid to WBSEDCL. Since IIIT Kalyani is yet to get the possession of the campus, the electricity charges though operational in nature, are directly related to the campus development process and related to capital assets creation, and as such, the payment was made out of the capex deposit made with CPWD.

The Institute's reply is not tenable, as it incorrectly equates operational expenditure with capital asset creation, which is inconsistent with the stipulations of the Memorandum of Understanding (MoU). While the provisioning of high-tension electrical power supply may be considered part of infrastructure development, the payment of electricity charges for an under-construction campus particularly when possession has not yet been taken is clearly operational in nature and not directly linked to capital asset creation.

Thus, Such expenditure, being operational in nature and not directly related to capital asset creation, does not conform to the terms and conditions stipulated in the MoU. Consequently, this has resulted in an irregular expenditure from capital funds towards security deposit and payment of electricity charge.

2.3.2 Unfruitful expenditure on Electricity charges for under construction Campus

As per Rule 21 of the General Financial Rules (GFRs), 2017, every officer is expected to exercise the same vigilance in respect of expenditure incurred from public moneys as a person of ordinary prudence would exercise in respect of expenditure of his own money.

A Memorandum of Undertaking was signed between IIIT Kalyani and the Central Public Works Department (CPWD) for the construction of the institute's new campus.

In June 2024, based on a request from CPWD, IIIT Kalyani entered into Power Supply Agreements with the West Bengal State Electricity Distribution Company Limited (WBSEDCL) for high-tension electrical power supply under Time of Day consumer contracts. From July 2024 to June 2025, the WBSEDCL claimed electricity charges amounting to ₹36.47 lakh (**Annexure-II**) for the under-construction campus. However, the building was not handed over till date (July 2025), and the institute did not derive any benefit from the expenditure.

The audit observed that IIIT Kalyani could have optimized its financial resources by obtaining the electrical connection closer to the completion of the project. As per Rule 4(11) of the Electricity (Rights of Consumers) Rules, 2020, WBSEDCL is obligated to provide new connections within 30 days of application. Therefore, obtaining the connection well in advance was unnecessary.

In reply the Institute stated that the campus was originally supposed to be handed over in June 2021. Subsequently, several revised dates have been proposed by CPWD and IIIT Kalyani also tried its level best to move to the permanent campus as early as possible. Since a considerable portion of the campus close to 90% was completed in 2024, IIIT Kalyani thought it to be prudent to initiate bringing in the permanent power supply on to the campus, which is a time consuming affair. Therefore, obtaining the power connection in parallel to the completion of the campus was felt to be necessary.

The responsibility to fulfil the statutory compliance viz. bringing in the electricity, obtaining fire licence and local body approvals was very much within the ambit of CPWD and it is the CPWD which took a conscious call as to which infrastructural facility should be brought in to the campus and at what time. Considering the expenditure against the capital or recurring head as observed by audit would be taken up at the level of Finance Committee/ BoG and a reasoned decision would be taken.

Reply is not tenable as the electrical connection was taken without ascertaining the project's completion timeline.

Thus, the decision to enter into the power supply agreement without a proper review and assessment of the project's completion timeline resulted in incurring of unfruitful expenditure of 36.47 lakh. Furthermore, the audit could not ascertain the amount of the electricity charges paid by the Central Public Works Department (CPWD) from deposited work funds, as IIIT Kalyani did not furnish the requisite information. This is contrary to the principles of financial prudence outlined in GFR Rule 21.

Reference Number: OBS-2061446

2.4 (IIB) Non compliance of MoU of IIIT Kalyani

In May 2014, a Memorandum of Understanding (MoU) was signed between the President of India (First Party), the Governor of West Bengal (Second Party), and three Industry Partners—Coal India Ltd., ROLTA Foundation, and JSW Steel Ltd. (later replaced by the West Bengal Industry Development Corporation Limited, WEBEL) as the Third Party—for

the establishment of the Indian Institute of Information Technology, Kalyani (IIIT Kalyani) under the Public-Private Partnership (PPP) model. The total approved capital cost for the project was ₹128 crore, with funding contributions agreed as follows:

- Government of India (GOI): 50% of the capital cost i.e ₹ 64.00 crore
- Government of West Bengal (GoWB): 35% of the capital cost i.e ₹44.80 crore
- Industry Partners: 15% (5% each) ie ₹6.40 crore , with an initial deposit of 50% of their share to be made in the name of IIIT Kalyani once the Memorandum of Association (MoA) and institutional rules were finalized. The remaining contributions would be provided based on the scheme's progress.

In connection with the above, audit observed that in December 2022, the Department of Information Technology and Electronics, Government of West Bengal, directed the Institute to apportion the accrued interest on funds provided by both the Government of West Bengal (GoWB) and WEBEL in proportion to their respective capital contributions. However, the Memorandum of Understanding (MoU) does not contain any provision permitting the adjustment of accrued interest against contributions from industry partners. Additionally, Clause 3 of Section G of the MoU stipulates that any disputes or issues arising among the parties should be referred to the Ministry of Education (MoE) for amicable resolution. Despite these provisions, the Institute adjust ₹57.31 lakh of accrued interest earned on contribution of WEBEL without referring the matter to the Ministry, thereby deviating from the agreed terms of the MoU.

In reply the Institute stated that the Govt. of West Bengal while releasing the balance fund vide letter no. 1179-DS(IT)/IT/0/03/2011 (Pt-III) dated 04.08.2023 had observed the following:

- i) Accrued bank interest out of fund sanctioned of INR 18.41 Crore as state share along with the accrued interest out of the fund already allotted in favour of IIIT Kalyani to the tune of INR 6.40 Crore on behalf of WBEIDC Ltd. as one of the industry partners of IIIT Kalyani. Accordingly, the interest amount of ₹57.31 lakh has been adjusted against the balance share of Govt. of West Bengal in favour of IIIT Kalyani. Hence, this may not be considered as improper adjustment of accrued interest .

Reply of institute is not tenable as per book of account Institute had adjusted the interest earned on grant provide by WEBEL and there is no provision MoU for refund / adjustment of interest earn on Private patner contribution .

2.5 (IIB) Non-remittance of Interest earned on Grants to Consolidated Fund of India by IIIT Kalyani for ₹ 12.44 lakh

As per **Rule 7 of GFRs**, all moneys received by or on behalf of the Government either as dues of Government or for deposit, remittance or otherwise, shall be brought into Government Account without delay, in accordance with such general or special rules as may be issued under Articles 150 and 283 (1) of the Constitution.

Furthermore, in accordance with **Rule 230(8)** of the GFRs, all interests or other earnings against Grants in aid or advances (other than reimbursement) released to any Grantee institution should be mandatorily remitted to the Consolidated Fund of India immediately after finalisation of the accounts.

IIIT Kalyani earned a total interest of ₹12,43,722 (₹6,87,913 during FY 2023–24 and ₹5,55,809 during FY 2024–25) from grants given by the Ministry of Education, however did not remit this amount into the Consolidated Fund of India, even after finalizing its accounts.

This lapse indicates inadequate financial oversight and non-adherence to government regulations, resulting in ₹12,43,722 remaining outside the Government accounts, in contravention of the General Financial Rules.

In reply the Institute stated that IIIT Kalyani has religiously followed the procedure mentioned in the GFR, and refunded all the interest generated from the Grants-in-Aid till FY 2022-23. Further, the amount generated from the unutilized grant lying with IIIT Kalyani for the FY 2023-24 & FY 2024-25 has not been refunded due to inadvertence. However, the same will be refunded without any further delay and the same will be communicated, and the same will also be apprised to the audit.

The reply remains not tenable, as the facts remain unchanged that IIIT has yet to refund the interest accrued on the Grants-in-Aid till date.

2.6 (IIB) Excess contribution to Employees' Provident Fund

Para 29(1) of the Employees' Provident Fund and Miscellaneous Provisions Scheme, 1952 (Scheme), provides that the contribution payable by an employer under the Scheme shall be 12 per cent of the Basic Wages, Dearness Allowance and Retaining Allowance, if any, payable to each employee to whom this Scheme applies. Para 26A (2) of the Scheme also stipulates that the contribution payable by the employee and employer shall be limited to the

amount payable on a monthly pay of ₹15,000. Further, Para 29 (2) of the Scheme stipulates that the contribution payable by an employee to whom the Scheme applies could, if he so desires, be an amount exceeding the above limit subject to the condition that the employer shall not be under an obligation to pay any contribution over and above his contribution payable under the Scheme.

Under the scheme, the employee's contributions are payable on maximum wage ceiling of ₹15000 per month and the employee can pay at higher rate in such cases. However, there is no such obligation on the part of the employer. Further, as per the scheme, out of 12 per cent of wages, 8.33 *per cent* is deposited in Employees' Pension Scheme (EPS) and balance 3.67 *per cent* is transferred to the Employees' Provident Fund (EPF). Accordingly, while making payment to Outsourcing agency, the Institute was required to restrict its employer's contribution to ₹1,800 per month i.e. 12 *per cent* of the maximum wage ceiling of ₹15,000 per month in respect of those outsourcing employees who were drawing pay more than ₹15,000 per month.

Scrutiny of records from April 2024 to March 2025, revealed the Institute engaged outsourced manpower to provide security and conservancy services through M/s Star Security & Detective Agency Pvt. Ltd. it was observed that after enhancement of minimum wages, the monthly wages of security guards as well as other outsources employees exceeded ₹15,000 per month and while making the payment to outsourcing manpower supply agencies, employer's share (Institute share) was paid at the rate of 13 *per cent* (including administrative charges @0.5%) of enhanced pay, instead of restricting it to the maximum wage ceiling of ₹15,000.

Further, EPFO ECR revealed that out of total Employer's contribution collected (13%), ₹1,250 (8.33 *per cent* of ₹15,000) was deposited in EPS account and balance amount was deposited in Employer's PF contribution resulting in deposit of Employer's contribution in excess of ceiling amount of ₹550 (3.67 *per cent* of ₹15000).

An illustrative calculation of excess contribution for each category of outsourced staff is detailed in **Annexure-III**.

In reply the Institute stated that as per the circular issued by EPFO, basic contribution to the Employee Provident Fund will be restricted to ₹15,000/-. Employer is also required to pay his matching contribution up to ₹15,000/-. However, the employer can contribute voluntarily in employees' provident fund on higher wages (wages more than ₹15,000/-). To

pay contribution on higher wages, a joint request from Employee and employer is required [Para 26(6) of EPF Scheme].

The agency has sent a letter dated February 6, 2025 requesting to consider the matter as stated above and allow them to contribute in employees' provident fund on higher wages (wages more than Rs. 15,000/-) till the end of the current work order.

This matter was placed before the competent authority and it was decided to make EPF Contribution on higher wages more than ₹15,000/-. However, as suggested by the audit the institute will stop the contribution on wages above ₹15,000/- with effect from July 2025.

Since, outstanding fees related to the FY 2021-22 and 2022-23 are still under recovery, from the students and the present outstanding amount is ₹14,93,950/- (as on 28.07.2025), the para stands
	II-B /2.3	Wasteful expenditure due to idling of DG Set, including avoidable expenditure of Rs. 7.92 lakh	Since no response was received towards disposal of the DG Set through the GeM Portal, the same DG Set was reinstalled as a potential support towards uninterrupted power supply to cater to the needs of the Amenity Centre in the newly constructed campus after necessary repairing through the company from which it was originally procured. The same is operational now and was duly certified by the CPWD.	The DG Set is operational now and was duly certified by the CPWD. Hence, the para is settled.

	II-B /2.4	Non-recovery of IT TDS amounting to Rs. 7.35 lakh	The recovery of the IT TDS is contingent upon the condonation of the delay in submitting the IT return u/s 119(2b). Further noted that the consultant appointed based on the recommendation of the BoG has already filed an application for the condonation of delay u/s 119(2b) of the Income Tax Act for the filing of Income Tax Return for the FY 2018-19. Since, the condonation of the application pertains to a period beyond three years, as per intimation of the consultant, they had discussion with the commissioner of Income Tax (Exemption) and based on the conversation which took place on 13th May 2025 a follow up communication has been sent to the higher authority on the same day and the consultant is planning to pay another visit during the 1st week of June 2025 to resolve the issue. The current status of the same has been given by the consultant which is quoted below: “Our initial request letter was submitted on 18.07.2024, followed by a reminder on 03.06.2025. However, we have yet to receive any communication—either approval or rejection—from the office of the Principal Commissioner of Income Tax (Exemption), Delhi. 		Kalyani Municipality raised a demand notice of Rs. 12.00 Crore (approximately) to IIIT Kalyani for payment against the Mutation Fees. The Finance Committee approved the institute's action in approaching the Principal Secretary of Urban Development and Municipal Affairs Department of the Government of West Bengal towards the exemption of the Mutation Fees. The Finance Committee also noted that after almost 3 Years of initiation of Constructions, the Principal Secretary, Dept. of IT&E, Govt. of West Bengal, communicated to the Director, IIIT Kalyani that "Space for Future Expansion" may not be allotted to IIIT Kalyani, and the Parcel of Land for IIIT Kalyani would be approximately 30-34 Acres. In this regard, the Ministry of Education's approval vide letter F.No.29-15/2011-TS dated 22 April 2022, accepting the establishment of IIIT Kalyani on an area of 34 acres out of the identified land measuring 50.38 acres at J.L. No.58, Mouza – Kalyani, Kalyani Sub Division, District – Nadia was also kept in view. As reported by the CPWD, the reasons for delay were primarily due to the COVID scenario, and repeated litigations between the Contractor deployed by CPWD and CPWD itself were also noted.	IIIT (PPP). However, the Govt. of WB allotted only 34 acres of land. Accordingly, the Ministry of Education, Department of Higher Education, GOI dated 22.04.202, while according approval of 34 acres of land, also requested the IIIT Kalyani to take up the matter with the State Government for remaining 16 acres of land. No document regarding further communication with Govt. of West Bengal for remaining 16 acres of land was not on record. Further, Mutation of the land has not yet been completed and the Project has not yet been completed four and half years from the date of scheduled completion (February 2021). Considering the above, the para stands.
